CHAIRMAN'S STATEMENT

主席致辞

DEAR SHAREHOLDERS,

On behalf of the Board of Directors, I am pleased to present the Annual Report of The Place Holdings Limited ("The Place" or "The Company", and together with its subsidiaries, "the Group") for the financial year ended 31 December 2019 ("FY2019").

For the year under review, the Group took steady steps forward in its pursuit to diversify into the integrated tourism business through new landmarks for existing projects and a proposed new acquisition in Singapore.

GOING FURTHER

Domestic tourism in China continues to grow rapidly. The China Tourism Academy, a Beijing-based research institution which studies the tourism industry, reported that the number of domestic visitor arrivals reached 60.06 billion in 2019, an increase of 8.4% compared to the previous year. The domestic tourism revenue amounted RMB 5.73 trillion, an increase of 11.7% year-on-year¹. We believe this attest to our strategy of focusing on the tourism industry in China.

Our first foray into the tourism industry is via involvement in the Mount Yuntai Integrated Tourist Township project. It features theme parks, hotels, entertainment facilities and clubhouses. For the year under review, construction has commenced for all areas except the corporate clubhouses. Work on those will begin upon completion of the Group's subscription in the company that owns the commercial land where the corporate clubhouses will be built. We have also placed a RMB100 million refundable deposit to convey our commitment to undertake the project. In addition, an application has been submitted to change the zoning from commercial to residential which commands a higher value. We are currently awaiting the necessary approvals from the regulatory authorities.

Upon approval for the above, the Group will fully embark on its plans to diversify into the domestic tourism industry in China. It also allows us to progress with the development of integrated tourism and operation of tourism related "new retail" businesses, which promotes a blending of online and offline retail for a more engaging and seamless experience for customers. We seek to build our capabilities in this upcoming space and better participate in the long-term growth prospects of the Chinese tourism market.

In addition to our progress in China, we have also made strides in Singapore with the successful awarding of tender for acquisition for the Realty Centre, a commercial freehold building with a land area of approximately 1,021.9 square meters. The proposed acquisition would allow the Group to have a physical presence locally and kickstart its tourism-related endeavours in Singapore. It would also generate recurrent income and development profit while also housing our headquarters.

We are planning to redevelop the property into a mixed-use commercial and residential tower to cater for the strong latent demands in Singapore's central business district ("CBD"). This is in line with Singapore's Urban Redevelopment Authority's incentive scheme to rejuvenate the CBD into an all-day and all-week mixed-use hub for work, live and play. The Sale Order for Realty Centre was granted by the High Court on 14 May 2020.

OUTLOOK

For the coming financial year ending 31 December 2020 ("FY2020"), the Group is cautiously optimistic of its prospects. While macroeconomic challenges such as the US-China trade war and novel coronavirus ("COVID-19") outbreak continue to have an impact in China and globally, we will monitor these events carefully and steer the Group accordingly.

The COVID-19 outbreak has had widespread effect in China and numerous countries around the world. While we anticipate limited impact on our results as Beijing Vast Universe Culture Communication Co., Ltd has a fixed management fee component with Beijing Aozhong Xingye Real Estate Development Co., Ltd. We project that affected sales during the outbreak will be replaced by a surge in the number of conferences and events after the outbreak when businesses are back in operation.

Moving forward, the Group remains upbeat of its prospects and continues to seek suitable opportunities in expanding its business based on its execution know-how and competitiveness. It will also take a prudential approach towards capital management and risk reward balance in tandem with changing market conditions.

CHAIRMAN'S STATEMENT

主席致辞

尊敬的股东们,

我很高兴代表董事会提交天阶控股有限公司及其子公司截止2019年12月31日的年度报告(“2019财政年”)。

在2019年,集团稳步向前迈进,通过已有项目的新里程碑,以及在新加坡的新收购项目,发展国际化、多元化的综合旅游业务。

进一步发展

中国国内旅游业持续快速增长。据中国旅游研究院(总部位于北京)报道,2019年国内游客数量达60.06亿人次,比上年同期增长8.4%。而国内旅游收入5.73万亿元,比上年同期增长11.7%。我们相信这证明了我们聚焦中国旅游业战略的正确性。

参与云台山综合旅游小镇项目是我们第一次涉足旅游业。它以主题公园、酒店、娱乐设施和会所为特色。年内,除会所外,所有地块均已动工兴建。会所的建设将在集团完成对拥有商业土地的公司的认购后开始。我们已支付了1亿元人民币的可退还押金,以表达我们对该项目的承诺。因为周边地块的启动及部分进入市场,已经兑现的销售情况进一步印证了我们将要认购的地块的商业价值,并且价值会随周边的发展而增加。此外,也已提交了要求把该区域土地由商业用途变更为住宅用途的申请,以此进一步提高土地用途的价值。我们目前正在等待监管当局的相关批复。

在获得上述批准后,本集团将全面启动向中国国内旅游业多元化发展的计划。在世界经济和中国经济遇到诸多挑战的当下,通过发展综合旅游和经营旅游相关的“新零售”业务,并且通过战略布局,实现国际化的操作、资源和市场的更广泛联动,为客户提供更有吸引力和无缝对接的新体验,更可以让集团拥有真正国际化的业务发展平台、利润增加机会以及规避单一市场风险的体系。

我们希望在这个即将到来的时段中展现我们的能力,更好地参与中国以及国际旅游市场的长期增长前景,并为集团的国际化发展奠定坚实而重要的基础。

除了在中国取得的进展,我们在新加坡也取得了长足的进步,我们成功地标中了海德大厦 (Realty Centre),这是一座占地面积约1021.9平方米的商业不动产建筑。这项收购将使本集团得以在新加坡本地拥有实体业务,并启动在本地的旅游相关业务,也将产生持续性收入和发展利润,同时也为我们的总部提供办公空间。

我们计划将该项目重新开发为一个多功能的商业和住宅综合大厦,以满足新加坡中央商务区(CBD)强大的潜在需求。这与新加坡城市发展局(Urban Redevelopment Authority)的激励计划相一致,该计划旨在将CBD改造成一个全天候的多功能工作、生活和娱乐中心。高等法院已在今年的5月14日批下集体出售令。

本次收购,对于集团全球化发展意义重大,将以新加坡为中心,协调全球资源和国际业务。同时,新加坡独特的国际地位,将有利于我们开展更多更广泛的国际合作,尤其是以新零售、国际旅游、新科技为代表的多个领域,都具备了获得重大发展的可能。

综上所述,本年度的多项业务的发展,发挥了集团一贯以来的管理优势、经营优势,在集团业务发展上获得了重要的进步,为我们发挥改造人居环境、创造美好环境的能力创造了平台,为实现我们为人们打造未来美好生活的初心和愿望,增加了重要助力。

CHAIRMAN'S STATEMENT

主席致辞

前景

在截至2020年12月31日的下一个财年(“2020财年”), 本集团对其前景持谨慎乐观态度。尽管中美贸易战和新型冠状病毒(COVID-19)爆发等宏观经济挑战继续对中国和全球产生影响, 但我们将仔细监测这些事件, 并据此指导工作组。

当前的疫情在中国和世界许多国家都产生了广泛影响。由于北京中盛浩宇文化传播有限公司与北京奥中兴业房地产开发有限公司有固定的管理费收入, 我们预计对我们的业绩影响有限。并且, 在疫情爆发期间所受到的影响, 将在疫情结束企业恢复运营后, 通过会议和活动数量的激增来弥补。

云台山项目的收购完成, 将为集团和所有股东带来丰厚收益, 并且将为我们进军旅游市场迈出坚实的步伐, 这将有利于集团应对复杂世界形势给企业带来的挑战。同时, “海德大厦”项目的启动, 将会给集团业务在新加坡展带来全新的篇章, 我们将真正开始融入新加坡经济及社会, 并开始做出我们的贡献。

展望未来, 集团继续保持乐观的前景, 并继续寻求合适的机会, 以扩大集团在业务上的执行力和竞争力。还将对资本管理和风险回报平衡采取审慎的态度, 以配合不断变化的市场趋势。

致谢

我谨代表董事会, 对管理团队和工作人员在这一年的承诺和努力表示最衷心的感谢。我还要感谢股东、商业伙伴、合作伙伴和客户在我们追求多元化目标和释放可持续价值的过程中对我们的支持和信任。

我欢迎庄熙国先生加入我们, 成为我们的独立董事。我们期待与您的合作, 推动集团达到新的增长和可持续发展的高度。

OPERATIONS REVIEW

营运回顾

OVERVIEW

For the year ended 31 December 2019 (“FY2019”), The Place posted a total revenue of S\$2.3 million, which was 28% higher than the S\$1.8 million posted in the previous financial year.

Revenue for FY2019 mainly comprises returns from management of cultural events and activities of S\$1.0 million and provision of management services to Beijing Aozhong Xingye Real Estate Development Co., Ltd for S\$1.3 million. Revenue from management of cultural events and activities are mainly non-recurring event management contracts secured.

Interest income also improved, rising by S\$0.5 million to S\$2.3 million as compared to S\$1.8 million from FY2018. The interest income is contributed by S\$1.1 million from China operations and S\$1.2 million from Singapore operations.

In contrast, profit before tax fell by 64% to S\$0.9 million for the year under review as compared to S\$2.5 million recorded the year before.

MOVING FORWARD IN 2020

The Group continuously seeks business expansion opportunities and avenues to improve its operating processes.

The construction of clubhouses at the Mount Yuntai Integrated Tourist Township is pending approvals from the relevant PRC regulatory authorities. Once approved, the Group will move into the next phase, cementing its position in the integrated tourism business industry.

Concurrently, on the acquisition of Realty Centre, High Court had granted the Sale Order on 14 May 2020. We are looking into redevelopment plans and how to best capitalise on the strategic positioning of the property and best align with the Singapore’s Urban Redevelopment Authority’s plans to redevelop the central business district into a mixed-use hub for work, live and play.

OPERATIONS REVIEW

营运回顾

业务回顾

在截至2019年12月31日的财年(“2019财年”),集团的总收入为230万新元,比2018财年的180万新元高出28%。总收入的增加原因是于2019年期间,争取到的非经常性管理合同增加。

2019财年的收入主要来自于北京中盛浩宇文化传播有限公司的文化活动和其他活动进行管理。文化活动管理的收益为100万新元、北京奥中兴业房地产开发有限公司提供的管理服务则贡献了130万新元。文化活动管理部分的收入主要来自于非经常性活动管理合同。

利息收入部分和上一财年对比有所增加,从2018财年的180万新元增至230万新元,增长了50万新元。其中有110万新元的利息收入来自中国业务,120万新元来自于新加坡业务。

相比之下,本财年的税前利润下降了64%到90万新元,上一财年为250万新元。

迈进2020年

集团不断寻求业务拓展的机会和途径,并且改善运作流程。

云台山综合旅游小镇会所的建设正在等待中国相关管理部门的批准。一旦获得批准,本集团将进入下一阶段,巩固在综合旅游业中的地位。

同时,海德大厦收购一事,高等法院已在今年的5月14日批下集体出售令。我们已启动重新开发计划,以及探索如何利用该物业的战略定位,并更好地配合新加坡城市发展局的再开发计划,将中央商务区重新开发为一个多功能的工作、生活和娱乐中心。

CORPORATE GOVERNANCE REPORT

The Place Holdings Limited (the “**Company**”) is committed to maintaining a high standard of corporate governance within the Company and its subsidiaries (collectively, the “**Group**”) to ensure greater transparency and protection of shareholders’ interests. The board of directors of the Company (the “**Board**”) is pleased to confirm that the Company has complied with the principles and provisions of the Code of Corporate Governance 2018 (the “**Code**”) and the accompanying Practice Guidance to the Code, where they are applicable and practical to the Group. Where there is any deviation, appropriate explanation has been provided within this report.

This report sets out the Company’s corporate governance processes, practices and structures that were in place throughout the financial year ended 31 December 2019 (“**FY2019**”), with specific reference to the principles and provisions of the Code.

The Board and the management of the Company (the “**Management**”) will continue to uphold the highest standards of corporate governance within the Company in accordance with the Code.

(A) BOARD MATTERS

The Board's Conduct of Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Role of the Board

The Board assumes responsibility for stewardship of the Group, and puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the Company.

The Board's primary role is to protect and enhance long-term value and returns for shareholders. It provides entrepreneurial leadership, oversees the business and affairs of the Group, and approves the Group’s financial and strategic plans, key business initiatives, major investments and divestments proposals, and funding decisions.

Additionally, the Board has direct responsibility for decision-making in respect of the following corporate events and actions:

- (a) establish, together with Management, the strategies and financial objectives to be implemented by Management;
- (b) oversee the processes of risk management, financial reporting and compliance, and evaluate the adequacy of internal controls;
- (c) review and endorse the framework of remuneration for the Board and key management personnel as may be recommended by the Remuneration Committee;
- (d) review the performance of Management, approve the nominations of the Board of Directors and appointment of key management personnel, as may be recommended by the Nominating Committee;
- (e) ensure that necessary financial and human resources are in place for the Group to meet its objectives;
- (f) assume responsibility for corporate governance; and
- (g) consider sustainability issues, e.g. environmental and social factors, as part of its strategic formulation.

CORPORATE GOVERNANCE REPORT

The Company has adopted internal guidelines setting forth matters which require Board approval. Matters which are specifically reserved to the full Board for decision include those involving interested person transactions (such as conflict of interest issues in relation to substantial shareholders and directors of the Company), material acquisitions and disposal of assets, corporate or financial restructuring, share issuance and dividends, and financial results and corporate strategies.

Each Director is required to promptly disclose any conflict or potential conflict of interest, whether direct or indirect, in relation to a transaction or proposed transaction with the Group as soon as is practicable after the relevant facts have come to his knowledge. Where a director faces a conflict of interest issue, he will disclose and declare his conflict of interest, and recuse himself from discussions and decisions involving the issues of conflict. Each Board member makes decisions objectively in the interests of the Group.

Board and Board Committees

To assist the Board in the execution of the Board's responsibilities, certain functions of the Board have been delegated to 3 Board committees, comprising an Audit Committee ("AC"), a Nominating Committee ("NC") and a Remuneration Committee ("RC"). Each of these committees functions within clearly defined terms of reference setting out their compositions, authorities and duties, and operating procedures (including reporting back to the Board) which are reviewed on a regular basis to ensure continued relevance and consistency with the Code. The effectiveness of each committee is also constantly being monitored.

The Board meets on a quarterly basis and as warranted by particular circumstances. The Company's Constitution allows for telephonic attendance and video-conference at Board and Board committee meetings. The number of Board and Board committee meetings held for the period from 1 January 2019 to 31 December 2019, as well as the attendance of each member at these meetings, are set out below:-

Note:

- (1) Mr Chng Hee Kok was appointed as member of the AC, NC and RC on 1 February 2019. From 1 February 2019 to 31 December 2019, there were 4 Board meetings and 4 AC meetings held.

CORPORATE GOVERNANCE REPORT

Directors' Orientation and Development

The Company has an orientation program for all newly appointed Directors, and briefings provided by Management to better understand the Group's business operations, including the opportunity to visit the key operations of the Group and to meet with key management personnel. Directors who are first-time directors, or who have no prior experience as directors of a listed company will undergo the Listed Entity Director Programme conducted by the Singapore Institute of Directors ("SID").

All newly appointed Directors receive a formal letter setting out their duties and responsibilities, along with an information pack containing the Company's annual report, Constitution, respective Board committees' terms of reference (where applicable), as well as a template director's disclosure form pertaining to his/her obligations in relation to disclosure of interests in securities and conflict of interests.

The Directors are provided with continuing education in areas such as directors' duties and responsibilities, corporate governance, changes in financial reporting standards, insider trading, as well as changes in the relevant provisions of the Companies Act, Chapter 50 of Singapore ("**Companies Act**") and listing rules of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"), so as to update and refresh themselves on matters that affect or may enhance their performance as Board or Board committee members. They are also informed of and are encouraged to attend relevant seminars such as those organised by the SGX-ST, SID and other external professional organisations to keep abreast of developments relevant to their roles.

Access to Information

The Management provides all members of the Board with appropriately detailed management accounts which present a balanced and understandable assessment of the Company's performance, position and prospects on a quarterly basis.

To assist the Board in fulfilling its responsibilities, Management provides the Board with complete and adequate information in a timely manner on an ongoing basis and prior to Board meetings so that the members may better understand the matters prior to the meetings and discussions may be focused on questions that the Board may have on issues relating to those matters. Key management personnel who can provide additional insight into the matters at hand may be invited to be present at the relevant time during the Board meeting.

Access to Management and Company Secretary

The Directors have separate and independent access to the Management and the Joint Company Secretaries at all times.

At least one Joint Company Secretary attends all Board meetings. The Joint Company Secretaries are responsible for preparing minutes of Board proceedings, and are responsible to the Board for advising on corporate and administrative matters, as well as facilitating orientation and assisting with professional development as required.

The appointment and removal of the Joint Company Secretaries are subject to the approval of the Board as a whole.

The Directors, whether as a group or individually, may seek and obtain independent professional advice to assist them in the discharge of their duties, at the expense of the Company.

CORPORATE GOVERNANCE REPORT

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independent and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Board Composition

The Board, through the NC, examines and reviews its structure, size and composition annually, taking into account the scope and nature of the Company's operations. The Board presently comprises 7 directors, 4 of whom are independent directors, 2 of whom are executive directors, and the remaining director being a non-executive director.

The present composition of the Board complies with Provision 2.2 of the Code that the independent directors should make up a majority of the Board where the Executive Chairman is part of the management team and not an independent director, and with Provision 2.3 of the Code that the majority of the Board comprises non-executive directors. Given that the Independent Directors make up a majority of the Board, the Board is thus able to exercise objective judgement on corporate affairs independently.

The nature of the current directors' appointments and membership on the Board committees are as follows:-

Name of Director	Nature of appointment	Board Committee Membership		
		AC	NC	RC
Ji Zenghe	Executive Chairman	—	—	—
Fan Xianyong	Executive Director and Chief Executive Officer	—	—	—
Sun Quan	Non-Executive Director	—	—	—
Er Kwong Wah	Lead Independent Director	Chairman	Member	Member
Ng Fook Ai Victor	Independent Director	Member	Member	Chairman
Foo Chiah-Shiung (Hu Jiexiong)	Independent Director	Member	Chairman	Member
Chng Hee Kok ⁽¹⁾	Independent Director	Member	Member	Member

Note:

(1) Mr Chng Hee Kok was appointed as Independent Director, member of the AC, member of the RC and member of the NC on 1 February 2019.

Board Diversity

The Board has adopted a Board Diversity Policy which set out its policy and framework for promoting diversity on the Board. The Board believes that board diversity enhances its decision-making capability, and a diverse board is more effective in dealing with organizational changes and less likely to suffer from group thinking. The Board also recognizes that board diversity is an essential element contributing to the sustainable development of the Group. These board diversity objectives are achieved by harnessing the different aspects of diversity, such as professional experiences, business perspectives, skills, knowledge, gender, age, cultural and educational background, ethnicity and length of service.

When reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of its members, the NC will consider the various aspects of board diversity, and set practical timelines to implement the policy. The NC will also report to the Board on the progress made in promoting and achieving its board diversity objectives.

CORPORATE GOVERNANCE REPORT

The NC is satisfied that the Board comprises directors who as a group provide core competencies, such as accounting or finance, business or management experience, industry knowledge, strategic planning experience and customer based experience or knowledge, which are required for the Board to function effectively. The Board also consists of directors with ages ranging from 40 to more than 70 years old, and who have served on the Board for different tenures.

The NC noted that no individual or small group of individuals dominate the Board's decision-making process. Accordingly, the Board is of the view that its current structure, size and composition is appropriate for effective decision-making, and provides balance and mix of expertise, knowledge, experience and other aspects of diversity.

Board Independence

The NC conducts a review annually to determine whether or not a director is independent, adopting the Code's definition of an "independent director" and guidance as to relationships, including those provided in the Code, the Listing Manual and the Practice Guidance to the Code, that are relevant in its determination. Each Independent Director is required to complete an annual declaration to confirm his independence, and in particular, that he does not have any relationship with the Company and its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgement in the best interest of the Group. The independent directors must also confirm whether they consider themselves independent despite not having any relationship identified in the Code.

In assessing the independence of each Independent Director for FY2019, the NC noted that Mr Er Kwong Wah has served on the Board for an aggregate period of more than 9 years from the date of his first appointment. As such, the Board has subjected his independence to a particularly rigorous review.

After due consideration and with the concurrence of the NC (with Mr Er Kwong Wah abstaining from the discussion and decision-making process with respect to the assessment of his independence), the Board has determined that Mr Er has continued to demonstrate strong independence in character and judgment in the manner in which he has discharged his responsibilities as the Lead Independent Director of the Company. Mr Er has continued to express his viewpoints, debated issues, sought clarifications, and objectively scrutinised and challenged Management, where necessary.

In addition, there were new independent directors appointed to the Board and changes to the Management team since the second half of FY2016. Accordingly, the NC is of the view that the independence of Mr Er would not be undermined or impaired as a result of familiarity with Management or business of the Group.

Save for Mr Er Kwong Wah, none of the Independent Directors has served on the Board beyond an aggregate period of more than 9 years from the respective dates of their first appointment.

Each Independent Director had also abstained from deliberations in respect of the assessment on his own independence. Taking into account the views of the NC and the annual confirmation from each of the Independent Directors of his independence, the Board considers each of the Independent Directors to be independent and will be able to exercise independent judgment in the best interest of the Company in discharging their duties as independent directors.

The Non-Executive Directors challenge Management's assumptions, assess performance of Management, and also extend guidance to Management, in the best interest of the Group. To facilitate a more effective check on Management, the Non-Executive Directors met regularly during FY2019 without the presence of Management.

CORPORATE GOVERNANCE REPORT

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision making.

Division of the Roles of Executive Chairman and CEO

To ensure an appropriate balance of power, increased accountability and a clear division of the roles and responsibilities between the Chairman and the Chief Executive Officer (“CEO”), the position of the Chairman and CEO are held by separate individuals.

Currently, the Executive Chairman of the Company is Mr Ji Zenghe. As Executive Chairman of the Board, Mr Ji Zenghe plays a key role in developing the business of the Group and provides the Group with strong leadership and vision. He is responsible for the overall strategic planning and growth of the Group. He also exercises control over the quality, quantity and timeliness of information flow between the Board and Management.

Mr Ji also bears responsibility for the effective working of the Board. His responsibilities include, amongst others, ensuring that Board meetings are held when necessary, setting the Board meeting agendas to enable the Board to carry out its duties effectively and responsibly, taking a leading role to ensure and maintain a high standard of corporate governance, acting as a facilitator at Board meetings and maintaining regular dialogue with Management on all operational matters.

Mr Fan Xianrong is the CEO and Executive Director of the Company. He is not an immediately family member of the Executive Chairman, Mr Ji Zenghe. As CEO, Mr Fan is responsible for execution of the Company’s corporate and business strategies and policies, as well as for the conduct of the Group’s business. Mr Fan is also responsible for the overall management and day-to-day operations of the Group.

Role of Lead Independent Director

During the year, Mr Er Kwong Wah, the Lead Independent Director of the Company, led and coordinated the activities of the independent directors and addressed the concerns, if any, of the Company’s shareholders. Led by Mr Er, the independent directors met regularly in FY2019 without the presence of Management to discuss matters such as the changes that they would like to see in the Board processes, corporate governance initiatives, and matters which they wish to discuss during the Board meetings. After such meetings, the Lead Independent Director will provide feedback to the Executive Chairman and the Board.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Composition and Role of the NC

The Company has established a NC to, *inter alia*, make recommendations to the Board on all Board appointments. The NC currently comprises the following independent directors, with the Lead Independent Director being a member of the NC:

Foo Chiah-Shiung (Hu Jiexiong)	-	Chairman
Er Kwong Wah	-	Member
Ng Fook Ai Victor	-	Member
Chng Hee Kok	-	Member (Appointed on 1 February 2019)

The role of the NC is to establish a formal and transparent process for the appointment of new directors and the re-election of directors retiring by rotation, as well as to assess the effectiveness of the Board and the overall contribution of each director towards the effectiveness of the Board.

CORPORATE GOVERNANCE REPORT

The principal functions of the NC include the following:

- (a) to review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- (b) to make recommendations to the Board on all Board appointments and re-appointments of directors or alternate directors (if any), having regard to that director's contribution and performance (such as attendance, preparedness, participation and candour) where applicable;
- (c) to review the independence of the directors annually;
- (d) to decide whether the director is able to and has been adequately carrying out his duties as director, in particular, where a director has multiple board representations;
- (e) to review training and professional development programmes for the Board and its directors;
- (f) to review and make recommendations to the Board on all candidates nominated (whether by the Board, shareholders or otherwise) for appointment to the Board, taking into account the candidate's track record, age, experience, capabilities and other relevant factors;
- (g) to identify and nominate candidates for the approval of the Board to fill vacancies in the Board as and when they arise;
- (h) to decide how the Board's performance may be evaluated and propose objective performance criteria for the Board's approval; and
- (i) to assess the effectiveness of the Board as a whole, and the contribution by each director to the effectiveness of the Board.

The NC has conducted an annual review of Directors' independence based on the Code's criteria for independence, and is of the view that Mr Er Kwong Wah, Mr Ng Fook Ai Victor, Mr Foo Chiah-Shiung (Hu Jiaxiong) and Mr Chng Hee Kok are independent. More details of the Board and NC's determination of the independence of the Independent Directors are set out under Principle 2 of this report in the section headed "*Board Independence*".

Other Principal Commitments and Board Representations

The NC determines annually whether a director with multiple board representations is able to and has been adequately carrying out his duties as a director of the Company. The NC has taken into account the respective director's actual conduct and effectiveness on the Board, and the time and attention given by each of them to the affairs of the Company, in making this determination, and is satisfied that all the directors having multiple board representations have been able to and have adequately carried out their duties as director.

As a person's available time and attention may be affected by factors such as whether he is in full-time employment and the nature of his other responsibilities, the NC decided not to fix a maximum limit on the number of directorships a director can hold. The NC considers that the multiple board representations held presently by its directors do not impede their respective performance in carrying out their duties to the Company.

CORPORATE GOVERNANCE REPORT

The following key information regarding all directors is set out in the following pages of this Annual Report:

- (a) pages 8 to 13 - Key information (including each of the Director's board representations on other listed companies and other principal commitments (if any), as well as academic and professional qualifications; and
- (b) pages 40 to 41 - Shareholding in the Company and its related corporations.

The Company currently has no alternate directors on its Board. The Board is of the view that the appointment of alternate directors should only be appointed for limited periods in exceptional cases such as when a director has a medical emergency. An alternate director, when appointed, should be subject to the same criteria and process for selection of directors, and be appropriately qualified.

The NC has in place a formal process for the selection and appointment of new directors, and re-appointment of directors to increase transparency of the nominating process in identifying and evaluating nominees or candidates for appointment or re-appointment, as well as to advance the Company's objective of promoting board diversity.

Process for selection of new directors

The NC has recommended, and the Board has approved, a formal process for the selection of new directors as follows:

- (a) The NC evaluates the balance of skills, knowledge and experience on the Board and, in the light of such evaluation and in consultation with Management, prepares a description of the role and the essential and desirable competencies for a particular appointment;
- (b) Directors and Management may suggest suitable potential candidates. If necessary, the NC may enlist external help (for example, from the Singapore Institute of Directors, search consultants, advertisements) to source for potential candidates;
- (c) The NC assesses suitability of short-listed candidates, meets and discusses with them, if necessary, the expectations and the level of commitment required; and
- (d) The NC makes recommendations to the Board for approval.

Criteria for appointment of new directors

All new appointments are subject to the recommendation of the NC based on, *inter alia*, the following objective criteria:

- (a) Integrity;
- (b) Independent mindedness;
- (c) Possess core competencies which meet the current needs of the Company and complement the skills and competencies of the existing directors on the Board;
- (d) Able to commit time and effort to carry out duties and responsibilities effectively;
- (e) Experience in the relevant field of business of the Company or industries in which it operates; and
- (f) Financially literate.

CORPORATE GOVERNANCE REPORT

Re-appointment of directors

All directors are to submit themselves for re-nomination and reelection at regular intervals of at least once every 3 years. Under the Company's Constitution, at least one-third of the directors for the time being (or, if their number is not a multiple of 3, the number nearest to but not lesser than onethird) shall retire from office by rotation at each AGM of the Company. In addition, a newly appointed director shall hold office only until the AGM immediately following his appointment, and shall be eligible for re-election.

At the forthcoming AGM, Mr Er Kwong Wah and Mr Sun Quan (collectively, the “**Retiring Directors**”) are due for retirement by rotation under Article 94 of the Constitution of the Company. The Retiring Directors had submitted themselves for re-election, and the NC (with Mr Er Kwong Wah abstaining from the deliberation process in respect of his own re-election) reviewed and recommended their re-election.

Mr Er Kwong Wah has no relationship (whether familial, business, financial, employment or otherwise) with the Company, its related corporations, its substantial shareholders or its officers.

The Board (save for the respective Retiring Directors who had abstained from the deliberation process in respect of their own re-election) has accepted the NC's recommendation and proposes that the Retiring Directors be re-elected at the forthcoming AGM.

Please refer to the explanatory notes to the Notice of AGM dated 14 June 2020 and pages 95 to 104 of this Annual Report for the disclosure information required pursuant to Rule 720(6) read with Appendix 7.4.1 of the Listing Manual of the SGX-ST (“**Listing Manual**”) not otherwise disclosed in this Annual Report in respect of the Retiring Directors seeking re-election at the forthcoming AGM.

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The Board has implemented a formal process for assessing the effectiveness of the Board as a whole and the Board committees, as well as the contribution by each director to the effectiveness of the Board.

The assessment of the Board and the Board committees provided an opportunity to obtain constructive feedback from each director on whether the Board's procedures and processes allowed him to discharge his duties effectively and the changes that should be made to enhance the effectiveness of the Board as a whole.

The individual director's assessment exercise allowed each director to reflect upon his own performance on the Board so that the overall quality of the board members may be improved upon and enhanced. It also assisted the NC in determining whether to re-nominate directors who are due for retirement by rotation at the next AGM, and in determining whether directors with multiple board representations are nevertheless able to and have adequately discharged their duties as directors of the Company. More details of the Board and NC's assessment and determination exercise are set out under Principle 4 of this report in the sections headed “*Other Principal Commitments and Board Representations*” and “*Re-appointment of Directors*”.

The NC determines how the Board's performance may be evaluated and proposes objective performance criteria. Such performance criteria is approved by the Board and addresses how the Board has enhanced long-term shareholders' value.

CORPORATE GOVERNANCE REPORT

Evaluation processes

(a) Board and Board committees

Each Board member is required to complete a Board and Board Committees Assessment Checklist. Based on the returns from each of the directors, a consolidated report was prepared and presented to the Board for discussion on the changes which should be made to help the Board and Board committees discharge their respective duties more effectively.

(b) Individual directors

In the case of the assessment of individual directors, each director is required to complete a director's assessment form by way of a self-assessment of his contribution to the effectiveness of the Board. Based on the returns from each of the directors, a consolidated report was prepared and presented to the Board for discussion. The Chairman of the Board then provides the necessary feedback on the respective Board performance of each director, with a view to improving their respective performance on the Board.

Performance criteria

The performance criteria for the Board evaluation are in respect of the Board size, composition and independence, conduct of meetings, corporate strategy and planning, risk management and internal control, Board performance in relation to discharging its principal functions, Board committee performance in relation to discharging their responsibilities set out in their respective terms of reference, achievement of financial targets which includes return on equity, improvement of performance of the Company's share price vis-à-vis the Singapore Straits Times Index, recruitment policy, process for determining remuneration and compensation of directors and key management personnel, financial reporting, and communication with shareholders.

The individual director's performance criteria are categorised into (1) attendance at board and related activities; (2) adequacy of preparation for board meeting; (3) contribution in strategic/business decision, finance/accounting, risk management, legal/regulatory, human resource management, or any other specialist area of each director; (4) area of experience; (5) generation of constructive debate; (6) maintenance of independence; (7) disclosure of interested party transactions; and (8) overall assessment.

(B) REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Composition and Role of the RC

The RC currently comprises entirely independent directors as follows:

Ng Fook Ai Victor	-	Chairman
Er Kwong Wah	-	Member
Foo Chiah-Shiung (Hu Jiaxiong)	-	Member
Chng Hee Kok	-	Member (Appointed on 1 February 2019)

CORPORATE GOVERNANCE REPORT

The RC is responsible for ensuring a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of each individual director, the CEO and key management personnel (who are not directors or the CEO).

The principal functions of the RC include the following:

- (a) to review and recommend to the Board for endorsement a framework of remuneration for the Board and key management personnel, and the specific remuneration packages for each director as well as for the key management personnel of the Company. The framework will cover all aspects of remuneration, including without limitation, directors' fees, salaries, allowances, bonuses, options, share-based incentives, benefits-in-kind, and termination terms to ensure they are fair;
- (b) to review the remuneration packages of all managerial staff who are related to any of the executive directors;
- (c) to review and approve the annual increments and/or variable bonus to be granted to the Executive Directors and key management personnel of the Company;
- (d) in the case of directors' service agreements, to consider what compensation or commitments the directors' service agreement, if any, would entail in the event of early termination, and to ensure that such service agreements contain fair and reasonable termination clauses which are not overly generous; and
- (e) to recommend to the Board, in consultation with senior management and the Executive Chairman, any long-term incentive scheme (including share schemes) and to consider the eligibility of directors for benefits under such long-term incentive schemes.

The recommendations of the RC would be submitted to the Board for endorsement. Each member of the RC will refrain from voting on any resolution in respect of the assessment of his remuneration. No director will be involved in determining his own remuneration.

The RC has access to expert advice in the field of executive remuneration outside the Company with regards to remuneration matters wherever necessary. The RC should ensure that existing relationships, if any, between any of its directors or the Company and its appointed remuneration consultants, will not affect the independence and objectivity of the remuneration consultants. In FY2019, the Company did not seek any expert advice outside the Company on remuneration of its directors.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

The RC assists the Board by ensuring that remuneration policies and practices are sound in that they are able to attract, retain and motivate without being excessive, and thereby maximise shareholders' value. The RC reviews and approves the remuneration package, determines the overall annual increment and bonus for each of the Executive Directors and key management personnel, and ensures that they are appropriate and proportionate to the sustained performance and value creation of the Group.

In setting remuneration packages, the RC takes into consideration the pay and employment conditions within the industry and in comparable companies. As part of its review, the RC ensures that the performance-related elements of remuneration form a significant and appropriate part of the total remuneration package of executive directors and key management personnel.

CORPORATE GOVERNANCE REPORT

The remuneration packages of each of the Executive Directors and key management personnel comprises a fixed component (in the form of basic salary and allowance) and a variable component (in the form of annual bonus) that is linked to the performance of the Group as a whole as well as the individual's performance, taking into account industry benchmarks. This is designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to be fair and avoid rewarding poor performance. This will also serve to promote the long-term sustainability of the Group. None of the Executive Directors received annual bonus for FY2019.

Each of the Executive Directors have entered into a service agreement with the Company. The terms of their respective service agreements were recommended by the RC, and approved by the Board. Each of the key management personnel were issued a letter of appointment, the terms of which were reviewed by the RC, and approved by the Board. The RC also reviews the Company's obligations arising in the event of termination of the Executive Directors' service agreements and the key management personnel's letters of appointment, and is satisfied that the termination clauses set out therein are fair and reasonable to the parties, and are not overly generous.

The Company has not adopted the use of contractual provisions in the terms of the contracts of service of the Executive Directors and key management personnel to reclaim incentive components of their remuneration paid in prior years in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Company will review the feasibility of having such contractual provisions in future renewals of service agreements and/or letter of appointments of its Executive Directors and key management personnel respectively as recommended by the Practice Guidance.

The RC also reviews all matters concerning the remuneration of non-executive directors by ensuring that the remuneration is commensurate with the level of contribution, taking into account factors such as effort and time, and responsibilities of these directors. The Company will submit the quantum of directors' fees of each year to the shareholders for approval at each AGM. The executive directors do not receive directors' fees.

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Policy in respect of non-executive directors' remuneration

The Non-Executive Directors do not enter into service agreements with the Company. They are paid directors' fees, the amount of which is dependent on their level of responsibilities and whether they perform additional services through Board committees. The amount of directors' fees payable to non-executive directors is subject to shareholders' approval at the Company's AGM. The Company is of the view that the Non-Executive Directors are not overcompensated to the extent that their independence may be compromised. The Company has obtained shareholders' approval for a Performance Share Scheme at its extraordinary general meeting held on 12 October 2018 ("**Performance Share Scheme**"). The Performance Share Scheme, if implemented, will allow Non-Executive Directors, who are eligible to participate in the Performance Share Scheme, to hold shares in the Company so as to better align their interest with the interest of shareholders.

Remuneration policy in respect of executive directors and other key management personnel

The Company advocates a performance-based remuneration system that is flexible and responsive to the market and the performance of the Company and the individual employee. This allows the Company to better align executive compensation with shareholders' value creation. The total remuneration mix comprises annual fixed cash and annual performance incentive. The annual fixed cash component comprises the annual basic salary plus any other fixed allowances. The annual performance incentive is tied to the performance of the Company and the individual employee.

CORPORATE GOVERNANCE REPORT

(1) Mr Chng Hee Kok was appointed as Independent Director on 1 February 2019.

(2) Mr Kam Tin Seah was appointed as Chief Operating Officer on 3 May 2019 and ceased his appointment on 21 January 2020.

(3) Mr Leow Soon Guan was appointed as Chief Strategy Officer on 21 May 2019 and ceased his appointment on 21 January 2020.

(4) Mr Meng Kuang-Yi, who is the brother-in-law of the Executive Chairman, Mr Ji Zenghe, was re-designated as Marketing Director on 3 May 2019.

CORPORATE GOVERNANCE REPORT

The Company has not disclosed the exact amount of the remuneration of each Director and its key management personnel as it is not in the best interests of the Company and the employees to disclose such details due to the sensitive nature of such information. However, the Company has disclosed above the remuneration of each Director and each key management personnel, in bands of S\$250,000 and the breakdown in percentages. Accordingly, the Company has deviated from complying with Provision 8.1(a) which requires the Company to disclose the exact amount and breakdown of the remuneration of each individual Director and the CEO.

The Company considers the heads of corporate functions to be its key management personnel and for FY2019, there were 4 such persons. Save as disclosed, there were no other key management personnel for FY2019. The aggregate remuneration paid to the aforesaid key management personnel (who are not directors or the CEO) in FY2019 is S\$695,097.

Save for Mr Meng Kuang-Yi, the Marketing Director of the Company, who is the brother-in-law of the Executive Chairman, Mr Ji Zenghe, there was no employee of the Group who was a substantial shareholder or an immediate family member of a director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeds S\$100,000 during FY2019.

The Company's Performance Share Scheme contemplates the award of fully paid shares, when or after pre-determined performance or service conditions are accomplished and/or when due recognition should be given to any good work performance and/or any significant contribution to the Company. The Performance Share Scheme is intended to be broad-based and will serve to enhance the Group's overall compensation packages in order to attract talent. It will also serve as an additional and flexible incentive tool. With the Performance Share Scheme, the Company would be able to tailor share-based incentives according to the objectives to be achieved. The features and details of the Performance Share Scheme, including its eligibility criteria, potential size of grants, methodology of valuation, and other relevant terms and conditions thereof, are set out in the circular to shareholders dated 21 September 2018. No awards or shares under the aforesaid share plan were issued for FY2019.

(C) ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Risk Governance Structure

The Board is overall responsible for the governance of risk. The Board oversees the Group's risk management framework and policies, reviews the Group's business, financial and operational risks, and formulates strategies and measures to manage and mitigate these risks with the assistance of internal and external auditors. The Board oversees Management in the design, implementation and monitoring of the risk management and internal control systems of the Group, to safeguard the interest of the Company and its shareholders.

Enterprise Risk Management

In order to ensure and maintain a sound system of risk management and internal controls to safeguard shareholders' interests and the Company's assets, the Company has developed an Enterprise Risk Management ("ERM") programme with the assistance of the Company's internal auditor, Messrs Ernst & Young Advisory Services Sdn. Bhd.. The ERM programme has been implemented to identify, prioritise, assess, manage and monitor key risks faced by the Group, and covers, *inter alia*, financial, operational, compliance and information technology controls of the Group. The key risks identified are deliberated by Management, and reported to the Board. The Board will follow up on the actions required to be taken by Management to mitigate such identified risks. The AC also reviews the adequacy and effectiveness of the ERM programme periodically, and reports its findings to the Board at least once a year or as and when new significant risks are identified.

CORPORATE GOVERNANCE REPORT

Internal Control and Risk Management Systems

The Company's internal auditor also assist the Company to conduct an annual review of the adequacy and effectiveness of the Company's internal controls. Accordingly, the internal auditor will take such identified risks into consideration in drawing up the annual internal audit plan. The external auditor, during the conduct of their normal audit procedures, may also report on matters relating to internal controls. Any material non-compliance or failures in internal controls, and recommendations for improvements, are reported to the AC. The AC also reviews the effectiveness of the actions taken by Management on the recommendations made by the internal and external auditors in this respect, and holds regular discussions with Management to ensure the timely and proper implementation of such recommendations. Based on the reports submitted by the internal and external auditors received by the AC and the Board, nothing material has come to the attention of the AC and the Board to cause the AC and the Board to believe that the internal control and risk management processes of the Group are inadequate or ineffective, or there are non-compliance of the Company's system of internal control and processes.

The Board, with the concurrence of AC, is of the opinion that the system of internal control and risk management procedures maintained by Management are adequate and effective as at 31 December 2019 to meet the objectives of the Company in addressing the financial, operational, compliance and information technology risks to the Company and the Group as at 31 December 2019.

The Board has also received the assurance from:

- (a) the CEO and the Financial Controller, *inter alia*, that the financial records of the Company for FY2019 have been properly maintained, and the financial statements give a true and fair view of the Company's operations and finances for FY2019; and
- (b) the CEO and the Financial Controller, *inter alia*, that the Company's risk management and internal control systems for FY2019 are adequate and effective.

Audit Committee

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

Composition and Role of AC

The AC currently comprises the following directors, all of whom are independent non-executive directors:

Er Kwong Wah	-	Chairman
Ng Fook Ai Victor	-	Member
Foo Chiah-Shiung (Hu Jiaxiong)	-	Member
Chng Hee Kok	-	Member (Appointed on 1 February 2019)

All the members bring with them invaluable industry knowledge and professional expertise in the financial and business spheres, and have adequate financial management knowledge and experience to discharge their responsibilities as members of the AC.

The primary functions of the AC include the following:

- (a) to discuss and review at least annually any significant financial reporting issues and judgements in relation to the financial statements;
- (b) to discuss and review at least annually the adequacy and effectiveness of the internal controls and risk management systems;

CORPORATE GOVERNANCE REPORT

- (c) to assess and review at least annually the adequacy, effectiveness, independence, scope and results of the external audit and the Company's internal audit function;
- (d) to review any announcements relating to the Group's financial performance before making recommendations to the Board for approval;
- (e) to review the assurance from the CEO and the CFO who are responsible for the financial records and financial statements;
- (f) to discuss and review with the auditors regarding, *inter alia*, the assistance given by Management to the auditors;
- (g) to assess the independence and objectivity of the external auditors, and recommend to the Board on the proposals to the shareholders on the appointment, re-appointment and removal of the external auditors, as well as the terms of engagement and remuneration payable to the external auditors;
- (h) to review interested person transactions to ensure that they are carried out on normal commercial terms and are not prejudicial to the interests of shareholders, and are in compliance with the then prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Listing Manual);
- (i) to review the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on;
- (j) to commission and review any significant matters raised through the whistle-blowing channel or any major findings of internal investigations into matters, where there is any suspected fraud or irregularity or failure of internal controls or infringement of any relevant law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/or financial position; and
- (k) to undertake such other functions and duties as may be required by the statute, the Listing Manual, Code or Practice Guidance, and by such amendments made thereto from time to time.

The AC has explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management and full discretion to invite any director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

In addition, the AC has independent access to the internal and external auditors, who report independently their findings and recommendations to the AC. The AC met with the internal and external auditors, without the presence of Management, at least once during the year.

During the year, the AC performed independent reviews of the financial statements of the Group before the announcement of the Group's quarterly, half yearly and full-year results. The AC also reviewed and approved both the Company's internal and external auditors' plans. All audit findings and recommendations put up by the internal and the external auditors were forwarded to the AC. Significant issues were discussed at these meetings.

External Auditor

In evaluating the quality of the work carried out by the external auditors, Messrs KPMG LLP ("**KPMG**"), the AC's assessment of the performance of KPMG was based on the Audit Quality Indicators Disclosure Framework ("**AQI Framework**") recommended by the Accounting and Corporate Regulatory Authority ("**ACRA**"), which was recently revised in January 2020 to ensure that the indicators can better meet the needs of the ACs.

CORPORATE GOVERNANCE REPORT

The Company's external auditor, KPMG has been the external auditor of the Company since 25 May 2017. KPMG was last re-appointed as external auditor of the Company at the Company's AGM held on 24 April 2019, and will hold office until the conclusion of the Company's forthcoming AGM to be held on 29 June 2020. KPMG will not be seeking re-appointment as external auditor of the Company. Shareholders' approval for the appointment of incoming external auditors of the Company will be sought at a forthcoming Extraordinary General Meeting of the Company, the details of which will be made known to shareholders in due course.

The aggregate amount of audit fees and non-audit fees paid to the external auditor for FY2019 are S\$134,500 and S\$2,500 respectively. The AC was of the opinion that the non-audit fees of S\$2,500 paid to the external auditor for FY2019 did not impair their independence. The Company has complied with the requirements of Rules 712 and 715 of the Listing Manual in relation to the appointment of auditing firms.

None of the members of the AC were partners of KPMG within the last 2 years or has any financial interest in KPMG.

Internal Auditor

The Company's internal audit functions are out-sourced to Messrs Ernst & Young Advisory Services Sdn. Bhd. (the "**Internal Auditor**"), which is staffed with professionals with relevant qualifications and experience. The Internal Auditor has unfettered access to the AC, as well as to the Company's documents, records, properties and personnel. The AC approves the hiring, removal, evaluation and compensation of the Internal Auditor, who meets the professional standards set out in the Code.

The Internal Auditor's primary line of reporting is to the AC, although the Internal Auditor also liaise with the CEO and the Financial Controller on administrative matters.

During the year, the Internal Auditor adopted a risk-based auditing approach that focuses on material internal controls, including financial, operational, compliance and information technology controls. All findings and recommendations of the Internal Auditor are submitted to the AC for deliberation with copies of these reports extended to the CEO and relevant senior management officers.

The AC reviews annually the adequacy, effectiveness and independence of the internal audit function, and is satisfied that it is adequately resourced and has appropriate standing within the Company.

Whistle-Blower Policy

The AC also reviewed the Company's "Whistle-Blower Policy" ("**Policy**") which provides for the mechanisms by which employees and other persons may, in confidence, raise concerns about possible improprieties in financial reporting or other matters, and was satisfied that arrangements are in place for the independent investigation of such matters and for appropriate follow-up action. The Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.

(D) SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Company is committed to maintaining and improving its level of corporate transparency, providing timely, fair and adequate disclosure of relevant information to shareholders so that they will be apprised of the developments that may have a material impact on the Company's securities. Such information is published through the SGXNET. The Company does not practice selective disclosure. The Company is open to meetings with investors and analysts, and in conducting such meetings, the Company is mindful of the need to ensure fair disclosure.

CORPORATE GOVERNANCE REPORT

Conduct of General Meetings

The Company ensures that true and fair information is delivered adequately to all shareholders, and that shareholders have the opportunity to participate effectively in and vote at general meetings of shareholders.

To encourage more shareholder participation, the Company's general meetings are held in the city centre of Singapore, which is easily accessible to most shareholders. Notices of general meetings are published through the SGXNET, and in the newspapers, as well as despatched to shareholders, together with the annual report or circulars within the prescribed time period. Any shareholder who is not a relevant intermediary (as defined in the Companies Act) and who is unable to attend any general meeting is allowed to appoint up to 2 proxies to vote on his behalf at the meeting through proxy forms sent in advance. Pursuant to the Companies Act, the Central Provident Fund Board and relevant intermediaries may appoint more than two proxies. At shareholders' meetings, each distinct issue is proposed as a separate resolution. Shareholders are invited to put forth any questions they may have on the motions tabled and to be decided upon.

All directors, in particular the chairman of each Board committee, are usually present at general meetings of shareholders to address shareholders' questions. The External Auditors will also be present to address shareholders' queries (if any) about the conduct of audit and the preparation and content of the auditors' report. All the Directors had attended the AGM and the extraordinary general meeting of the Company held on 24 April 2019 and 6 August 2019, respectively.

The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other pertinent issues are satisfactorily resolved.

At the forthcoming AGM, the Company will put all resolutions to vote by poll so as to better reflect shareholders' interest and ensure greater transparency. A scrutineer will also be appointed to count and validate the votes cast at the forthcoming AGM. Votes cast, for or against and the respective percentages, on each resolution are tallied and informed to shareholders immediately at the general meetings. The total number of votes cast for or against the resolutions and the respective percentages are also announced on SGXNET after the general meetings.

At general meetings, the appointed independent scrutineer will explain the rules to the shareholders, including the poll voting procedures, that govern such general meetings.

The minutes of general meetings that are prepared by the Company include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, and responses from the Board and Management, and such minutes are available to shareholders upon their request.

The Company does not publish minutes of general meetings of shareholders on its corporate website as recommended in Provision 11.5 of the Code. There are potential adverse implications for the Company if the minutes of general meetings are made available to the public at large (outside the confines of a shareholders' meeting). The Company is of the view that its position is consistent with the intent of Principle 11 of the Code as shareholders have a right to attend general meetings either in person or by proxy, where they may exercise their right to speak and vote and have the opportunity to communicate their views on various matters affecting the Company. Further, shareholders, including those who did not attend the relevant general meeting, have a statutory right to be furnished copies of minutes of general meetings in accordance with Section 189 of the Companies Act. The Company is therefore of the view that, consistent with the intent of Principle 11 of the Code, shareholders are treated fairly and equitably by the Company.

Dividend Policy

The Group has no specific dividend policy at present. The form, frequency and amount of dividends declared each year will take into consideration the Group's profit, cash position, positive cash flow generated from operations, projected capital requirements for business growth and other factors as the Board may deem appropriate. The Company is not declaring any dividend for FY2019 as the Group will be retaining its cash for expansion purpose.

CORPORATE GOVERNANCE REPORT

Engagement with Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Board is mindful of its obligations to provide timely and fair disclosure of material information to the SGX-ST in accordance with the Corporate Disclosure Policy as set out in the Listing Manual. The Board's policy is that all shareholders should be informed of all major developments that impact the Group on an equal and timely manner.

The Board has embraced openness and transparency in the conduct of the Company's affairs, whilst preserving the commercial interests of the Company.

Material information is communicated to shareholders in a timely manner through:

- (a) announcements of full year and quarterly financial results which are published via the SGXNET;
- (b) annual reports or circulars of the Company that are prepared and sent to all shareholders;
- (c) notices of AGMs and extraordinary general meetings published in the newspapers;
- (d) press releases on major developments of the Group; and
- (e) the Company's website at www.theplaceholdings.com at which shareholders can access information on the Group.

The Board establishes and maintains regular dialogue with its shareholders, to gather views or inputs and to address shareholders' concerns. The AGM of the Company is the principal forum for dialogue and interaction with all shareholders.

The Company has an investor relations policy which provides for a mechanism through which shareholders may contact the Company with questions and through which the Company may respond to such questions. The Company maintains a dedicated investor relations section on its corporate website, www.theplaceholdings.com, which serves as a repository for shareholders and the investment community, ensuring that they can easily access relevant and up-to-date information about the Company, and may at any time send their enquiries for the Company to respond to such questions in a timely manner.

(E) MANAGING STAKEHOLDER RELATIONSHIPS

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company adopts both formal and informal channels of communication to understand the needs of material stakeholders, and incorporates these into the Group corporate strategies to achieve mutually beneficial relationships. The details on methods of engagement and frequency of engagement as well as the key concerns raised can be found in the Company's 2019 sustainability report.

The Company maintains and updates its corporate website regularly with various information on the Group and the Company which serves as an important resource for investors and all stakeholders.

(F) OTHER CORPORATE GOVERNANCE MATTERS

Dealings In Securities

The Group has adopted and implemented policies in line with Rule 1207(19) of the Listing Manual in relation to the dealing of shares of the Company. The policies have been made known to directors, executive officers and any other persons as determined by Management who may possess unpublished material price-sensitive information of the Group.

CORPORATE GOVERNANCE REPORT

The Group and its officers and employees are prohibited from trading in the Company's securities, during the period beginning 1 month and 2 weeks before the date of the announcement of the full year or quarterly results respectively and ending on the date of the announcement of the relevant results ("**Prohibited Periods**"). Directors and employees are also advised against dealing in the securities when they are in possession of any unpublished material price-sensitive information of the Group.

Directors and officers are required to comply with and observe the laws on insider trading even if they trade in the Company's securities outside the Prohibited Periods. They are discouraged from dealing in the Company's securities on short-term considerations and should be mindful of the law on insider trading.

Interested Person Transactions

The Company has adopted an internal policy governing procedures for the identification, approval and monitoring of interested person transactions ("**IPTs**"). All IPTs are subject to review by the AC to ensure that they are carried out on an arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the shareholders. On a quarterly basis, Management reports findings of IPTs, if any, during AC meetings.

In the event that a member of the AC has an interest in a transaction, he will abstain from reviewing that particular transaction.

The Board will ensure that all disclosure, approval and other requirements on IPTs, including those required by prevailing legislation, the Listing Manual and accounting standards are complied with.

The aggregate value of all interested person transactions entered into during FY2019 are tabulated hereunder pursuant to Rule 907 of the SGX-ST Listing Manual:

Name of interested person	Nature of relationship	Aggregate value of all IPTs during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under Shareholders' mandate pursuant to Rule 920)	Aggregate value of all IPTs conducted under Shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000)
Beijing Aozhong Xingye Real Estate Development Co., Ltd	Beijing Aozhong Xingye Real Estate Development Co., Ltd is controlled by Mr Ji Zenghe, the Company's Executive Chairman.	S\$1,564,000 ⁽¹⁾	—

Note:

- (1) The IPT of S\$1,564,000 is the management fee, coupled with profit sharing arrangement, received by the Company's subsidiary, Beijing Vast Universe Culture Communication Co., Ltd pursuant to a management agreement with Beijing Aozhong Xingye Real Estate Development Co., Ltd. during the period under review.

The Group does not have a general mandate for recurrent IPTs.

Material Contracts

Pursuant to Rule 1207(8) of the Listing Manual, save for the service agreements entered into with the Executive Directors, IPT disclosed above, as well as the Supplemental Subscription Agreement dated 24 December 2019 entered into between the Company's wholly-owned subsidiary, The Place Yuntai Investment Pte. Ltd. and Jingneng Tianjie Yuntaishan Investment Co., Ltd. in relation to the Proposed Subscription (as disclosed in the Company's announcement on 8 January 2020), there were no other material contracts, not being material contracts entered into in the ordinary course of business, entered into by the Company and its subsidiaries involving the interest of the CEO, each director or controlling shareholder, which are either still subsisting at the end of the financial year or if not then subsisting, entered into since the end of the previous financial year.

DIRECTORS' STATEMENT

We are pleased to submit this report to the members of the Company together with the audited financial statements for the financial year ended 31 December 2019.

In our opinion:

- (a) the financial statements set out on pages 47 to 92 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International); and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

Er Kwong Wah
Ng Fook Ai Victor
Foo Chiah-Shiung (Hu Jiaxiong)
Chng Hee Kok (appointed on 1 February 2019)

The AC performs the functions specified by Section 201B of the Act, the SGX Listing Manual and the Code of Corporate Governance.

The AC has held four meetings since the last directors’ statement. In performing its functions, the AC met with the Company’s external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company’s internal accounting control system.

The Audit Committee also reviewed the following:

- assistance provided by the Company’s officers to the internal and external auditors;
- financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The AC has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The AC also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 715 of the SGX Listing Manual.

DIRECTORS' STATEMENT

Auditors

The Company's external auditors, KPMG LLP will not be seeking re-appointment as external auditors of the Company. Shareholders' approval for the appointment of incoming external auditors of the Company will be sought at a forthcoming Extraordinary General Meeting of the Company, the details of which will be made known to shareholders in due course.

INDEPENDENT AUDITORS' REPORT

To the Members of The Place Holdings Limited

Report on the audit of the financial statements

Qualified Opinion

We have audited the financial statements of The Place Holdings Limited (the “Company”) and its subsidiaries (the “Group”), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2019, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 47 to 92.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the “Act”) and Singapore Financial Reporting Standards (International) (“SFRS(I)s”) so as to give a true and fair view of the consolidated financial position of the Group and financial position of the Company as at 31 December 2019 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for Qualified Opinion

As stated in Note 6 and Note 19(b) – *Subscription of capital in Tianjie Yuntai*, the Group disbursed \$19,320,000 (RMB 100,000,000) to Tianjie Yuntai Wanrun (Xiuwu) Property Development Co., Ltd. (“Tianjie Yuntai”) in connection with the supplemental subscription agreement dated 24 December 2019. As at 31 December 2019, the amount disbursed is classified as deposit and accounted for as financial asset measured at amortised cost under SFRS(I) 9 *Financial Instruments*.

This disbursed amount may be converted into and treated as part of the subscription amount for the 80% enlarged registered capital of Tianjie Yuntai by 31 December 2020 (the “proposed subscription”). In the event the proposed subscription is not completed by 31 December 2020, the amount disbursed will be fully refunded to the Group. As at 31 December 2019, the amount disbursed is unsecured.

We were not provided with relevant financial or other information of Tianjie Yuntai and its shareholders. We were also unable to obtain relevant and reliable sources of information on the business activities and the financial position of Tianjie Yuntai through alternative means.

As a result, we were unable to obtain sufficient and appropriate audit evidence over the recoverability of disbursed amount and the appropriateness of the recognition and measurement of the disbursed amount as at 31 December 2019.

Consequently, we were unable to determine whether any adjustments might have been found necessary in respect of the deposit balance as at 31 December 2019 or the financial performance of the Group for the year then ended.

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the ‘*Auditors’ responsibilities for the audit of the financial statements*’ section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (“ACRA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

INDEPENDENT AUDITORS' REPORT

To the Members of The Place Holdings Limited

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Basis for Qualified Opinion* section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Valuation of non-trade receivables

(Refer to Note 6 to the financial statements)

Risk:

As at 31 December 2019, the Group holds certain non-trade receivables of \$15,435,000 relating to:

- \$3,600,000 comprising a loan to a third party.
- \$11,835,000 deposit disbursed to an escrow account held by an independent legal firm in Singapore related to the Group's acquisition of a commercial property at 15 Enggor Street, Realty Centre, Singapore.

SFRS(I) 9 *Financial Instruments* requires the Group to evaluate the credit risk of its financial assets and to determine the appropriate level of expected credit loss to be recognised. The non-trade receivables as at 31 December 2019 were extended to third parties for different purposes and carried varying levels of credit risks. Significant judgements were made by management in their evaluation of the expected credit losses required for these non-trade receivables.

On this basis, we identified valuation of these non-trade receivables as a key audit matter.

Response:

To address the key audit matter, we performed, amongst others, the following procedures:

- obtained an understanding of purpose and contractual arrangements of the non-trade receivables by reviewing agreements and supporting documents;
- obtained Group's assessment of the credit risks over these balances to understand the bases and assumptions used by the Group to determine the expected credit loss allowance required at 31 December 2019;
- challenged management's judgement and assumptions used to estimate the expected credit loss allowances for these non-trade receivables, taking into account financial information of counterparties, available credit data, historical payment patterns, security collaterals received; and
- followed-up on post year end developments to determine if there are events that may affect the Group's expected credit loss assessment for the non-trade receivables at 31 December 2019.

Other information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

We have obtained all other information prior to the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITORS' REPORT

To the Members of The Place Holdings Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the *Basis for Qualified Opinion* section above, we were unable to obtain sufficient and appropriate audit evidence over the recoverability of the amount disbursed to Tianjie Yuntai and the appropriateness of its accounting as at 31 December 2019. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to this matter.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITORS' REPORT

To the Members of The Place Holdings Limited

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of this report, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Loo Kwok Chiang, Adrian.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 14 June 2020.

1 Domicile and activities

The Place Holdings Limited (the “Company”) is incorporated in the Republic of Singapore and has its registered office at 6 Battery Road, #16-06, Singapore 049909. The immediate and ultimate holding entity is Oriental Straits Fund III, incorporated in Cayman Islands.

The principal activities of the Company is that of investment holding.

The principal activities of each of the subsidiaries are set out in Note 5 to the financial statements.

The consolidated financial statements for the year ended 31 December 2019 relate to the Company and its subsidiaries (together referred to as the “Group” and individually as “Group entities”).

2 Basis of preparation

2.1 *Statement of compliance*

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)).

This is the first set of the Group’s annual financial statements in which SFRS(I) 16 *Leases* has been applied. The related changes to significant accounting policies are described in note 2.5.

2.2 *Basis of measurement*

The financial statements have been prepared on the historical cost basis unless as otherwise described in the accounting policies.

2.3 *Functional and presentation currency*

The financial statements are presented in Singapore dollar, which is the Company’s functional currency. The functional currencies of the Group’s subsidiaries located in People’s Republic of China (“PRC”) are in Chinese Renminbi (“RMB”). All financial information presented in Singapore dollars have been rounded to the nearest thousand, unless otherwise stated.

2.4 *Use of estimates and judgements*

The preparation of financial statements in conformity with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

2 Basis of preparation (cont'd)

2.4 Use of estimates and judgements (cont'd)

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are discussed as follows:

Valuation of trade and other receivables

The Group exercises judgement in determining if its trade and other receivables are credit-impaired taking into account of the credit history of the customers, payment records, forms of collaterals received and relevant financial information related to the counterparties. The Group reviews if the level of allowance for expected credit losses is reasonable. Majority of trade and other receivables are sums paid by the Group to external parties which are non-trade in nature. As at 31 December 2019, significant non-trade receivables include:

- (i) loan to a third party;
- (ii) deposit disbursed for the purpose of the Group's acquisition of the Realty Centre, Singapore; and
- (iii) deposit disbursed to Tianjie Yuntai (Note 19(b)).

Due to the non-routine nature of these transactions and the varying credit profiles of the respective debtors, significant judgement is required in the Group's expected credit loss assessment. Actual results could differ from the judgement made.

2.5 Changes in significant accounting policies

New standards and amendments

The Group has applied the following SFRS(I)s, amendments to and interpretations of SFRS(I) for the first time for the annual period beginning on 1 January 2019:

- SFRS(I) 16 *Leases*
- SFRS(I) INT 23 *Uncertainty over Income Tax Treatments*

Other than SFRS(I) 16, the application of these SFRS(I)s and amendments to standards and interpretations does not have a material effect on the financial statements.

SFRS(I) 16 *Leases*

The Group applied SFRS(I) 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in accumulated losses at 1 January 2019. Accordingly, the comparative information presented for 2018 is not restated – i.e. it is presented, as previously reported, under SFRS(I) 1-17 and related interpretations. The details of the changes in accounting policies are disclosed below. Additionally, the disclosure requirements in SFRS(I) 16 have not generally been applied to comparative information.

2.5 Changes in significant accounting policies (cont'd)

Definition of a lease

Previously, the Group determined at contract inception whether an arrangement was or contained a lease under SFRS(I) INT 4 *Determining whether an Arrangement contains a Lease*. The Group now assesses whether a contract is or contains a lease based on the definition of a lease, as explained in SFRS(I) 16.

On transition to SFRS(I) 16, the Group elected to apply the practical expedient to grandfather the assessment of which transactions are leases. The Group applied SFRS(I) 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under SFRS(I) 1-17 and SFRS(I) INT 4 were not reassessed for whether there is a lease under SFRS(I) 16. The definition of a lease under SFRS(I) 16 was applied only to contracts entered into or changed on or after 1 January 2019.

As a lessee

As a lessee, the Group leases assets including office premises and staff accommodations. The Group previously classified leases as operating leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Group. Under SFRS(I) 16, the Group recognises right-of-use assets and lease liabilities for these leases – i.e. these leases are accounted on-balance sheet.

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone price. However, for leases of office premises and staff accommodations the Group has elected to apply the expedient not to separate non-lease components and account for the lease and associated non-lease components as a single lease component.

Leases classified as operating leases under SFRS(I) 1-17

On transition, lease liabilities were measured at the present value of the remaining lease payments, discounted at appropriate incremental borrowing rates applicable to the leases as at 1 January 2019. Right-of-use assets are measured at an amount equal to the lease liability: the Group applied this approach to all other leases.

The Group had elected to present right-of-use assets as part of property, plant and equipment. The Group has tested its right-of-use assets (in combination with the relevant cash-generating units) for impairment on the date of transition and has concluded that there is no indication that the right-of-use assets are impaired.

The Group used a number of practical expedients when applying SFRS(I) 16 to leases previously classified as operating leases under SFRS(I) 1-17. In particular, the Group:

- did not recognise right-of-use assets and liabilities for leases of low value assets;
- excluded initial direct costs from the measurement of the right-of-use asset at the date of initial application; and
- used hindsight when determining the lease term.

Impact on financial statements*

The Group leases office premises and condominiums for staff accommodation. The leases typically run for a period of 1 to 3 years, with an option to renew the lease after that date. Lease payments are renegotiated to reflect market rentals. For certain leases, the Group is restricted from entering into any sub-lease arrangements. Previously, these leases were classified as operating leases under SFRS(I) 1-17.

Impact on financial statements* (cont'd)

The Group leases office equipment which pertain to leases of low-value items. The Group has elected not to recognise right-of-use assets and lease liabilities for these leases.

The effect of adopting SFRS(I) 16 as at 1 January 2019 is summarised below:

	1 January 2019 \$'000
Right-of-use assets – property, plant and equipment	568
Lease liabilities	(568)

* For the details of accounting policies under SFRS(I) 16 and SFRS(I) 1-17, see note 3.8.

When measuring lease liabilities for leases that were classified as operating leases, the Group discounted lease payments using its incremental borrowing rate at 1 January 2019. The weighted-average rate applied is 4.99%.

Extension options

The Group's leases of office premises and staff accommodations contain extension options exercisable by the Group within one year before the end of the non-cancellable contract period. Where practicable, the Group seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Group and not by the lessors. The Group assesses at lease commencement date whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant changes in circumstances within its control.

The Group has assessed and it is reasonably certain that it will exercise the options for its staff accommodations for one year.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except as explained in note 2.5, which addresses changes in accounting policies.

The accounting policies have been applied consistently by Group entities.

3.1 Basis of consolidation

(i) Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.1 Basis of consolidation (cont'd)

(i) Business combinations (cont'd)

The Group measures goodwill at the date of acquisition as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests ("NCI") in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value at the acquisition date and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value each reporting date and subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

NCI that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at the NCI's proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the acquisition date. The measurement basis taken is elected on a transaction-by-transaction basis. All other NCI are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

Costs related to the acquisition, other than those associated with the issue of debt or equity investments, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(ii) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group. Losses applicable to NCI in a subsidiary are allocated to the NCI even if doing so causes the NCI to have a deficit balance.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.1 Basis of consolidation (cont'd)

(iii) Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

(iv) Transactions eliminated on consolidation

Intra-group balances and transactions (if any), and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(v) Subsidiaries in the separate financial statements

Investments in subsidiaries are stated in the Company's statements of financial position at cost less accumulated impairments losses.

3.2 Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss.

(ii) Foreign operations

The assets and liabilities of foreign operations are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in other comprehensive income ("OCI"), and presented in the foreign currency translation reserve in equity. However, if the foreign operation is a non-wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the NCI. When a foreign operation is disposed of such that control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to NCI.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item that are considered to form part of a net investment in a foreign operation are recognised in OCI, and are presented in the translation reserve in equity.

3 Significant accounting policies (cont'd)

3.3 Financial instruments

- (i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

- (ii) Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.3 Financial instruments (cont'd)

(ii) Classification and subsequent measurement (cont'd)

Financial assets: Business model assessment (cont'd)

- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.3 Financial instruments (cont'd)

- (ii) Classification and subsequent measurement (cont'd)

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are initially measured at fair value less directly attributable transaction costs. They are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

- (iii) Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

- (iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.3 Financial instruments (cont'd)

(v) Cash and cash equivalents

Cash and cash equivalents include cash balances and bank deposits. For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash balances and fixed deposits with maturity of up to three months that are subject to insignificant risks of changes in their fair value, and are used by the Group in the management of its short term commitments.

(vi) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares and share options are recognised as a deduction from equity, net of any tax effects. Income tax relating to transaction costs of an equity transaction is accounted for in accordance with SFRS(I) 1-12.

3.4 Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

(ii) Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Depreciation is based on the cost of an asset less residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.4 Property, plant and equipment (cont'd)

(iii) Depreciation (cont'd)

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use.

The estimated useful lives for the current and comparative years are as follows:

Office premises and staff accommodation*	-	2 to 3 years
Fixtures and equipment	-	3 to 5 years
Motor vehicles	-	10 years

* Relate to right-of-use assets recognised on qualifying leases

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.5 Impairment

(i) Non-derivative financial assets

The Group recognises loss allowances for expected credit losses ("ECLs") on financial assets measured at amortised cost.

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

Simplified approach

The Group applies the simplified approach to provide for ECLs for trade receivables. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.5 Impairment (cont'd)

(i) Non-derivative financial assets (cont'd)

General approach (cont'd)

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.5 Impairment (cont'd)

(ii) Non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

The Group's corporate assets do not generate separate cash inflows and are utilised by more than one CGU. Corporate assets are allocated to CGUs on a reasonable and consistent basis and tested for impairment as part of the testing of the CGU to which the corporate asset is allocated.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a pro rata basis.

Impairment losses recognised in prior periods (if any) are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.6 Employee benefits

(i) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

(ii) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.7 Revenue

Revenue from sale of services in the ordinary course of business is recognised when the Group satisfies a performance obligation ("PO") by transferring control of a promised service to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative stand-alone selling prices of the promised services. Transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised services.

Revenue may be recognised at a point in time or over time following the timing of satisfaction of the PO. The Group's revenue PO are generally services in nature, revenue is recognised as service is performed and rendered to the customer.

3.8 Leases

The Group has applied SFRS(I) 16 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under SFRS(I) 1-17 and SFRS(I) INT 4. The details of accounting policies under SFRS(I) 1-17 and SFRS(I) INT 4 are disclosed separately.

Policy applicable from 1 January 2019

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in SFRS(I) 16.

This policy is applied to contracts entered into, on or after 1 January 2019.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of office premises and staff accommodations the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

3.8 Leases (cont'd)

As a lessee (cont'd)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses the lessee's incremental borrowing rate as the discount rate.

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise one or more of the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets, that do not meet the definition of investment property, in 'property, plant and equipment' and lease liabilities in 'lease liabilities' in the statement of financial position.

Leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets, including office equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Leases - Policy applicable before 1 January 2019

For contracts entered into before 1 January 2019, the Group determined whether the arrangement was or contained a lease based on the assessment of whether:

- fulfilment of the arrangement was dependent on the use of a specific asset or assets; and

Leases - Policy applicable before 1 January 2019 (cont'd)

- the arrangement had conveyed a right to use the asset. An arrangement conveyed the right to use the asset if one of the following was met:
 - the purchaser had the ability or right to operate the asset while obtaining or controlling more than an insignificant amount of the output;
 - the purchaser had the ability or right to control physical access to the asset while obtaining or controlling more than an insignificant amount of the output; or
 - facts and circumstances indicated that it was remote that other parties would take more than an insignificant amount of the output, and the price per unit was neither fixed per unit of output nor equal to the current market price per unit of output.

As a lessee

In the comparative period, as a lessee the Group classified leases that transferred substantially all of the risks and rewards of ownership as finance leases. When this was the case, the leased assets were measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Minimum lease payments were the payments over the lease term that the lessee was required to make, excluding any contingent rent. Subsequent to initial recognition, the assets were accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases were classified as operating leases and were not recognised in the Group's statement of financial position. Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease.

3.9 Finance income and finance costs

The Group's finance income and finance costs include:

- interest income;
- interest expense; and
- the foreign currency gain or loss on financial assets and financial liabilities.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.9 Finance income and finance costs (cont'd)

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

3.10 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

3 Significant accounting policies (cont'd)

3.10 Tax (cont'd)

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

3.11 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.12 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by Board of Directors and Group Chief Executive Officer (the chief operations decision-maker, "CODM") to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets and head office expenses.

Segment capital expenditure is the total capital cost incurred to acquire property, plant and equipment.

3.13 New standards and interpretations not yet adopted

A number of new standards, interpretations and amendments to standards are effective for annual periods beginning after 1 January 2019 and earlier application is permitted; however, the Group has not early adopted the new or amended standards and interpretations in preparing these financial statements.

The following new SFRS(I)s, interpretations and amendments to SFRS(I)s are not expected to have a significant impact on the Group's consolidated financial statements and the Company's statement of financial position.

- *Amendments to References to Conceptual Framework in SFRS(I) Standards*
- *Definition of a Business* (Amendments to SFRS(I) 3)
- *Definition of Material* (Amendments to SFRS(I) 1-1 and SFRS(I) 1-8)

18 Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks, and the Group's management of capital. There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk.

Risk management framework

The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually reviews that the Group's risk management process reflect changes in market conditions and the Group's activities.

The Board of Directors oversees how management monitors compliance with the Group's risk management policies and procedures.

Credit risk

Credit risk is the risk of financial loss to the Group resulting from the failure of a customer or counterparty to meet its contractual obligations, and arises principally from the Group's receivables from customers and cash placed with financial institutions.

As stated in Note 6 of this financial statements, the Group has significant credit risk exposure to a loan to a third party and deposits disbursed during the year. These amounts are unsecured and are expected to be settled within the next 12 months.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

18 Financial risk management (cont'd)

Credit risk (cont'd)

The Group applies the general approach to provide for ECLs on these receivables. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs. The impairment methodology applied depends on whether there has been a significant change in credit risk.

Receivables

The Group assessed that the credit risks to be low for the non-trade receivables. The Group's considerations include:

- the third party has been repaying its loan obligations consistently and there were no events of defaults. The Group also received a corporate guarantee on the loan to a third party of \$3,600,000 (2018: \$3,600,000) provided by an entity which certain directors of the Company has substantial equity interests.
- deposit disbursed into escrow for the acquisition of the Realty Centre is safeguarded by an independent legal firm in Singapore.
- deposit disbursed in advance for the subscription of Tianjie Yuntai's registered capital. Tianjie Yuntai is wholly-owned by an entity which certain directors of the Company has substantial equity interests. The Group considered the quality of the target investee's assets and controls imposed on its bank account in its evaluation of the credit risk of the deposit.

The amount of allowance from outstanding balances are insignificant.

Cash and cash equivalents

At the reporting date, the Group and Company held cash and cash equivalents of \$63,101,628 (2018: \$89,883,000), and \$26,920,077 (2018: \$29,508,000), respectively, which represents its maximum exposure on these assets. Cash and cash equivalents are held with financial institutions which are regulated and with sound credit ratings.

Impairment on cash and cash equivalents has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. The amount of allowance on cash and cash equivalents was negligible.

The Group manages the credit risks on its financial assets through various approaches which include close monitoring of its debtors, obtaining credit enhancements such as collaterals or physical controls over bank accounts, and reliance on the financial strength of certain directors (including their affiliated companies) of the Company. Due to the non-routine nature of certain transactions, existing approaches adopted by the Group to manage credit risks may not be adequate if actual circumstance results in significantly negative outcomes.

Subsequent to the year end, the Group's operating environment namely in Singapore and PRC were affected by the outbreak of the COVID-19 pandemic. For the Group's 31 December 2019 financial statements, the COVID-19 outbreak and the related impacts are considered non-adjusting events. Consequently, no adjustments were made to the carrying amounts to trade and other receivables related to the COVID-19 pandemic. The Group continues to monitor the developments of the pandemic as further worsening of the outbreak may result in significant increase in its credit risk exposures from its financial assets.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group monitors and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows. Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a reasonable period.

The following are the expected contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Group's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Foreign currency risk

The Group incurs foreign currency risk on transactions that are denominated in currencies other than Singapore dollars. The currencies giving rise to this risk are primarily the US Dollar ("USD") and RMB. Exposures to currency risk are monitored on an ongoing basis.

Exposure to currency risk

The exposure of the Group and the Company to foreign currencies (financial assets and liabilities not denominated in the respective entities' functional currencies) as at reporting date in Singapore dollars equivalent amounts are as follows:

	USD \$'000	RMB \$'000

Sensitivity analysis

A 10% strengthening of Singapore dollars against the following currencies at the reporting date would increase/(decrease) profit or (loss) before any tax effects by the amounts shown below. There is no impact on equity. This analysis assumes that all other variables, in particular interest rates, remain constant.

	Group Profit or (Loss) \$'000	Company Profit or (Loss) \$'000
31 December 2019		
USD	(4,296)	(2,660)
RMB	(1,933)	(1)
31 December 2018		
USD	(5,431)	(2,944)
RMB	*	*

* Less than \$1,000

A 10% weakening of Singapore dollars against the above currencies would have had an equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

Interest rate risk

The Group's exposure to market risk for changes in interest rates relates primarily to the Group's deposits with banks and loan to a third party. The Group does not hedge against this risk exposure.

Exposure to interest rate risk

At the reporting date, the interest rate profile of the interest-generating financial instruments are as follows:

	Group		Company	
	2019 \$'000	2018 \$'000	2019 \$'000	2018 \$'000
Fixed rate instruments				
Trade and other receivables	3,600	3,600	3,600	3,600

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets at fair value through profit or loss. Therefore, in respect of the fixed rate instruments, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points ("bp") in interest rates at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed for the same basis for 2018.

	Group		Company	
	100bp increase	100bp decrease	100bp increase	100bp decrease
	\$'000	\$'000	\$'000	\$'000

Capital management policy

In managing the capital of the Group, the Board aims to maintain a capital structure which balances the need to maximise the rate of return on capital and at the same time safeguard the Group's ability to continue as a going concern in the long term, maintain investors, creditors and market confidence, and sustain future development of the business.

The Group defines capital as share capital and reserves.

The Group manages the level of capital in proportion to risk and future business development requirements while balancing the need to maximise the return on capital. The Group does not stipulate the desired level of capital. It monitors and manages its capital structure on an ongoing basis and makes adjustments to it in light of changes in economic conditions, risk characteristics of the underlying assets and performance of the Group.

As part of the capital management process, the Group may adjust its level of dividends, issue new shares and/or return capital to shareholders, where appropriate. The Board takes into consideration the cash position and capital requirements of the Group when determining its investment plans, capital transactions and the level of dividends to pay shareholders.

There was no change to the Group's approach to capital management during the year.

The Group is not subject to any externally imposed capital requirement except for the statutory reserve of the subsidiaries of the Group as disclosed in Note 9. This externally imposed capital requirement had been complied with by the subsidiary for the financial year ended 31 December 2019.

18 Financial risk management (cont'd)

Determination of fair values

The carrying amounts of financial assets and liabilities with a maturity of less than one year (including trade and other receivables excluding prepayments, cash and cash equivalents, and trade and other payables) are assumed to approximate their fair values due to the short-period to maturity.

19 Commitment

(a) Lease rental payable

The commitments of the Group for future minimum lease payments under non-cancellable leases are as follows:

	2019 \$'000	2018 \$'000
Within 1 year	2	259
After 1 year but within 5 years	–	149
	<u>2</u>	<u>408</u>

In the year, the Group had exercised the practical expedient not to recognise the leases as right-of-use assets as they are leases of low value assets.

(b) Commitments

Acquisition of Realty Centre

On 22 April 2019, the Group was awarded the tender for the acquisition of a property located in Singapore, Realty Centre, at the purchase price of \$148,000,000 by the Collective Sale Committee of the property, of which the Group has incurred 5% deposit and stamp duty of approximately \$11,835,000. As full acceptance was not received from all vendors of Realty Centre, the Group submitted an application to the High Court for the award of the sales order in July 2019.

On 14 May 2020, the High Court granted the award of the collective sale order to the Group, and the acquisition of Realty Centre is expected to be completed within 6 months from the date of the sale order, i.e. November 2020.

Subscription of capital in Tianjie Yuntai

With reference to the Circular dated 21 September 2018, the Group had entered into a subscription agreement with Jingneng Tianjie Yuntaishan Investment Co., Ltd. ("JTYI"), an entity which certain directors of the Company holds substantial equity interests, to subscribe for 80% of the enlarged registered capital of Tianjie Yuntai at the subscription amount of \$27,716,000 (equivalent to RMB135,292,700) (the "Tianjie Yuntai Acquisition"). The proposed subscription transaction between JTYI and the Group is an interested party transaction under SGX Rules.

On 24 December 2019, the Group entered into a supplemental subscription agreement to extend the completion date for the Tianjie Yuntai Acquisition till 31 December 2020 and a refundable deposit of \$19,320,000 was directly disbursed to Tianjie Yuntai, a condition imposed by JTYI for the extension of the completion date.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year ended 31 December 2019

19 Commitment (cont'd)

(b) Commitments (cont'd)

Subscription of capital in Tianjie Yuntai (cont'd)

In the event the proposed subscription is not completed by 31 December 2020, the amount disbursed will be fully refunded to the Group. As at 31 December 2019, the amount disbursed is unsecured and interest-free.

At the date of authorisation of these financial statements, the subscription of Tianjie Yuntai has not been completed as regulatory approvals in China for the subscription of Tianjie Yuntai's registered capital and the change to the land usage zone of the Tianjie Yuntai's land use rights have not been obtained.

20 Segment information

For purpose of management reporting, the group is organised into one reportable segment – media and event management services. The segment is the basis on which the Group reports to its CODM for the purposes of resource allocation and assessment of segment performance.

Analysis by Reportable Segment

Segment revenue and expense are revenue and expense reported in the group's profit or loss that are directly attributable to a segment or can be allocated on a reasonable basis to a segment. There are no revenue arising from transactions between reportable segments.

Segment assets and liabilities comprises items that are directly attributable to a reportable segment in its operating activities or can be allocated to the reportable segment on a reasonable basis. Segment assets and liabilities are presented net of inter-segment balances.

- (a) (i) issue shares of the Company (“**shares**”) whether by way of rights issue, bonus issue or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

NOTICE OF ANNUAL GENERAL MEETING

Dated 14 June 2020

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a *pro rata* basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 20% of the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company at the time this Resolution is passed, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards, which were issued and outstanding or subsisting at the time this Resolution is passed, provided that such share options or share awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
 - (ii) any subsequent bonus issue, consolidation or subdivision of shares,

and, in paragraph (1) above and this paragraph (2), “subsidiary holdings” has the meaning given to it in the Listing Manual of the SGX-ST;

- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[See Explanatory Note 2]

7. THE PERFORMANCE SHARE SCHEME

Resolution 6

That authority be and is hereby given to the Directors to:-

- (a) grant award shares in accordance with the provisions of the Performance Share Scheme of the Company; and
- (b) allot and/or issue from time to time such number of fully paid-up award shares as may be required to be allotted and/or issued pursuant to the vesting of awards under the Performance Share Scheme,

NOTICE OF ANNUAL GENERAL MEETING

Dated 14 June 2020

provided that the aggregate number of award shares to be allotted and/or issued pursuant to the Performance Share Scheme and any other share based schemes of the Company shall not exceed 15% of the total issued shares (excluding treasury shares and subsidiary holdings) of the Company from time to time, and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[See Explanatory Note 3]

8. **PARTICIPATION BY MR SUN QUAN, A NON-EXECUTIVE DIRECTOR AND DEEMED CONTROLLING SHAREHOLDER OF THE COMPANY, IN THE PERFORMANCE SHARE SCHEME** **Resolution 7**

That subject to and contingent upon Resolution 6 being passed, approval be and is hereby given for the participation by Mr Sun Quan in the Performance Share Scheme.

[See Explanatory Note 4]

BY ORDER OF THE BOARD

BENNY LIM HENG CHONG
DAI LINGNA
Joint Company Secretaries

Singapore, 14 June 2020

EXPLANATORY NOTES:

1. **Resolutions 2 and 3** – Mr Er Kwong Wah and Mr Sun Quan, who are due to retire by rotation pursuant to Article 94 of the Company's Constitution, are seeking re-election at the forthcoming 18th Annual General Meeting.

Detailed information of Mr Er and Mr Sun as required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST can be found under sections "Board of Directors" and "Disclosure of Information on Directors seeking re-election", and from pages 8 to 13 and 99 to 104 of the Company's 2019 Annual Report.

2. **Resolution 5** – Resolution 5, if passed, will empower the Directors to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments. The number of shares which the Directors may issue under this Resolution will not exceed 50% of the issued shares (excluding treasury shares and subsidiary holdings) of the Company, with a sub-limit of 20% for issues other than on a pro rata basis. For the purpose of determining the aggregate number of shares which may be issued, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company at the time that Resolution 5 is passed, after adjusting for (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards, which were issued and outstanding at the time this Resolution is passed, provided that such share options or share awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and (b) any subsequent bonus issue, consolidation or subdivision of shares. For the avoidance of doubt, shareholders' approval will be required for any consolidation or subdivision of shares.

3. **Resolution 6** – Resolution 6, if passed, will empower the Directors to grant award shares pursuant to the Performance Share Scheme and allot and/or issue fully paid-up award shares pursuant to the vesting of awards under the Performance Share Scheme.

Approval for the Performance Share Scheme was given by shareholders at the Extraordinary General Meeting of the Company held on 12 October 2018 ("2018 EGM"). The grant of award shares under the Performance Share Scheme will be made in accordance with the rules of the Performance Share Scheme as set out in the circular to shareholders dated 21 September 2018 issued by the Company ("2018 Circular").

4. **Resolution 7** – Resolution 7, if passed, will enable the participation in the Performance Share Scheme by Mr Sun Quan, the Non-Executive Director and a deemed controlling shareholder of the Company.

Approval for the Performance Share Scheme was given by shareholders at the 2018 EGM. The grant of award shares under the Performance Share Scheme will be made in accordance with the rules of the Performance Share Scheme as set out in the 2018 Circular.

NOTICE OF ANNUAL GENERAL MEETING

Dated 14 June 2020

NOTES:

1. The AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice will not be sent to members. Instead, this Notice will be made available on the Company's website at the URL <http://www.theplaceholdings.com/html/news.php>, and on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual conference), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, are set out in the accompanying Company's announcement dated 14 June 2020. This announcement may be accessed at the Company's website at the URL <http://www.theplaceholdings.com/html/news.php>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.
3. **Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the AGM in person. A member (whether individual or corporate) must submit his/her/its proxy form appointing the Chairman of the Meeting as his/her/its proxy to attend and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.** The accompanying proxy form for the AGM may be accessed at the Company's website at the URL <http://www.theplaceholdings.com/html/news.php>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 17 June 2020.

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.
5. The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
 - (a) if submitted by post, be lodged with the Company at 6 Battery Road, #16-06, Singapore 049909; or
 - (b) if submitted electronically, be submitted via email to the Company at proxy@theplaceholdings.com,

in either case, not less than 48 hours before the time appointed for the AGM.

A member who wishes to submit an instrument of proxy must first complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

6. The 2019 Annual Report may be accessed at the Company's website at the URL http://www.theplaceholdings.com/html/ir_report.php, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>. Printed copies of this Annual Report will not be sent to members.

Personal Data Privacy:

By submitting an instrument appointing the Chairman of the Meeting as proxy to attend and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of the appointment of the Chairman of the Meeting as proxy for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines.

3. The Chairman of the Meeting, as proxy, need not be a member of the Company.
4. The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
 - (a) if submitted by post, be lodged with the Company at 6 Battery Road, #16-06, Singapore 049909; or
 - (b) if submitted electronically, be submitted via email to the Company at proxy@theplaceholdings.com,

in either case, not less than 48 hours before the time appointed for the AGM.

A member who wishes to submit an instrument of proxy must first complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

5. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointor or by his attorney duly authorised in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed under its seal or the hand of its attorney or duly authorised officer. Where an instrument appointing the Chairman of the Meeting as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the Meeting as proxy is submitted by post, be lodged with the instrument of proxy or, if the instrument appointing the Chairman of the Meeting as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
6. The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the Meeting as proxy (including any related attachment). In addition, in the case of a member whose shares are entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
